

The screenshot displays the 'New Lightning App' setup wizard in Salesforce. The current step is 'App Details & Branding'. The 'App Details' section includes fields for 'App Name' (filled with 'Travel Approval'), 'Developer Name' (placeholder: 'Enter a developer name...'), and 'Description'. The 'App Branding' section includes an 'Image' upload button and a 'Primary Color Hex Value' of '#0070D2'. A progress bar at the bottom shows the first step is complete. The background shows the Salesforce App Manager interface with a table of existing apps.

	App Name	App Label	App Description	Created Date	Theme	Status
3	App Launcher	AppLauncher	App Launcher tabs	21/03/2023, 12:21 pm	Classic	✓
4	Bolt Solutions	LightningBolt	Discover and manage business solutions designed for your i...	21/03/2023, 12:23 pm	Lightning	✓

The screenshot shows the 'New Lightning App' setup wizard in Salesforce. The 'App Options' screen is displayed, allowing configuration of navigation, form factors, and personalization settings. The 'Navigation and Form Factor' section includes options for 'Navigation Style' (Standard navigation is selected) and 'Supported Form Factors' (Desktop and phone is selected). The 'Setup and Personalization' section includes options for 'Setup Experience' (Setup (full set of Setup options) is selected) and 'App Personalization Settings' (two options are unchecked: 'Disable end user personalization of nav items in this app' and 'Disable temporary tabs for items outside of this app'). A progress bar at the bottom indicates the current step, with 'Back' and 'Next' buttons for navigation.

The screenshot shows the 'New Lightning App' setup screen in Salesforce. The main heading is 'New Lightning App'. Below it, the section is titled 'Utility Items (Desktop Only)'. A sub-heading reads: 'Give your users quick access to productivity tools and add background utility items to your app.' There is a search bar labeled 'Search Setup'. Below the search bar, there is a section for 'Add Utility Item' with a 'Utility Bar Alignment' dropdown set to 'Default'. A description states: 'The utility bar is a fixed footer that opens components in docked panels. Available only when the app is viewed in Lightning Experience on a desktop.' Below this, there is a visual representation of a utility bar. At the bottom of the setup screen, there is a 'Back' button and a 'Next' button. The bottom of the image shows the Windows taskbar with various application icons and the system clock displaying 23:12 on 27-03-2023.

The screenshot shows the 'New Lightning App' setup screen in Salesforce. The main heading is 'Navigation Items'. Below it, a paragraph explains that users can choose items to include in the app and arrange their order, but they cannot remove or rename items that are not supported in the chosen format. The interface is divided into two main sections: 'Available Items' and 'Selected Items'. The 'Available Items' section contains a search bar and a list of items: Accounts, Alert Settings, All Sites, and Alternative Payment Methods. The 'Selected Items' section contains a list with 'Reports'. At the bottom, there is a progress bar with four steps, and a 'Next' button is visible on the right.

The screenshot shows the 'User Profiles' configuration step in the Salesforce Lightning App Setup. The interface includes a progress bar at the top indicating the current step. The main heading is 'New Lightning App' followed by 'User Profiles'. Below this, it says 'Choose the user profiles that can access this app.' There are two columns: 'Available Profiles' and 'Selected Profiles'. In 'Available Profiles', a search bar contains 'System' and 'Salesforce API Only System Integrations' is listed. In 'Selected Profiles', 'System Administrator' is listed. At the bottom left is a 'Back' button and at the bottom right is a 'Save & Finish' button.
